

CLAIRE DAVIS

SENIOR PRODUCT DESIGNER

Product designer with 10+ years' experience specialising in simplifying complex journeys into clear, intuitive experiences that drive engagement, combining product thinking, behavioural design, and strong visual craft.

I work end-to-end, from discovery through to delivery, working cross-functionally to ship products that solve real user problems and drive measurable business impact.

EXPERIENCE

Senior Product Designer, Healf

Jan 2026 – Present

- Leading product design across core consumer journeys, focusing on activation, retention and LTV.
- Translating complex health data into simple, actionable user experiences.
- Partnering with product and data to define success metrics, run experiments and prioritise roadmap initiatives.
- Contributing to scalable design systems to support rapid iteration.

Senior Product Designer, Jo Malone London

Feb 2020 – Dec 2025

- Led and executed campaigns, driving growth, brand authority and engagement.
- Led end-to-end redesigns of key e-commerce journeys, improving conversion and engagement.
- Built and scaled a cross-brand design system to increase consistency and delivery speed.
